“Whilst travelling in the Greek Islands, I came down with a fever and a very sore throat. TravelCard explained that I was able to attend a private medical centre and loaded money on to my TravelCard to pay the medical centre on the spot. I’m very happy I had travel insurance with TravelCard.”

Discover the benefits of Real-Time™ insurance with TravelCard

Luggage delayed? Cash stolen? Sick or injured overseas? Usually, travel insurance requires you to cover the costs yourself, claim when you get home, then wait and worry whether it will be approved.

When you travel with the TravelCard, you'll be carrying a card to handle the most common problems travel can throw at you without being left out of pocket – so you can get back to enjoying your holiday. It's how travel insurance should be.

1 Medical issue overseas

Need a doctor? In pain and not sure what to do? Our 24/7 Global Assistance team can direct you to the nearest pharmacy, hospital or doctor and load the TravelCard with funds to cover your medical costs.

2 Delayed luggage

When your luggage isn't where you are, it's hard to begin your holiday. We can add \$150 to the TravelCard to buy emergency essentials.

3 Stolen cash

No cash, no holiday! We can put up to \$250 on the TravelCard to help you until you work out details with your bank.

Call our team any time for a quick solution and funds are instantly transferred to the TravelCard. We will then send an activation PIN to your mobile phone.

Benefits may vary. Please refer to the PDS & the TravelCard Terms & Conditions for more information.

“I spoke to a registered nurse when applying for a TravelCard insurance policy. She was fantastic; very helpful, very clear. She understood my medication and the reason why I had problems with my heart. It was such a relief to be interviewed by the nurse and not have to visit a doctor.”
